** Fine Print That You Can Read*

This service provider directory is being compiled by SFC members to share information for household services that they have used or researched. The service list includes appliance and small motor repairs, plumbing, electrical and roofing as well as less commonly looked-for references.

This directory is not an endorsement of a particular business or individual, and it carries no guarantees, but we hope that it will provide other SFC members with a starting point in their own search for a service provider. This early version is not exhaustive -- it lacks many categories. We anticipate that the directory will evolve as SFC member feedback becomes available with both additions and deletions of service providers.

We welcome help from all SFC members. Suggestions, with details as listed above, may be forwarded to Howard Keech, at 584-4144 or hkeech@magma.ca, or passed to the SFC Administrator Melanie Theil at 589-2795.

The directory is stored at "http://www.magma.ca/~hkeech/sfc/service_provider.pdf".
